Dr. Chalmers W. Sherwin

Dear Chalmers:

I can think of no clearer way to express the interest created in your talk last week than to say that your remarks are still being discussed.

We sincerely appreciate the opportunity of sharing your views on various facets of research and development, and I want to thank you again for your most stimulating and helpful visit with us.

Regards,

A handwritten signature, likely of Carl E. Duckett, written in ink.

Carl E. Duckett
